NEXT GENERATION SCHOOL

# mission statement

The mission of Next Generation School is to prepare the leaders of tomorrow to have the curiosity to discover, and the wisdom to learn. We achieve this mission by providing superior educational opportunities in a loving and supportive environment that enables children to reach their fullest potential. We are dedicated to educating each child as an individual and ensuring their academic growth as well as fostering their social and emotional development.

We seek to maximize the development of every student by providing a stimulating and interactive environment that cultivates curiosity and promotes exploration. We maintain low student to teacher ratios in order to provide the attention necessary for individualized learning to occur. In addition to our core staff of highly motivated and dedicated teachers, we also have science, fine arts, foreign language, physical education, and performing arts instructors who are educated and highly qualified in their specialized fields. All instructors work cohesively as a unit to ensure the sequential progression of each subject in every level of our educational program.

Thank you for your interest in Next Generation Primary and Middle School. We invite you to tour our campus for an in-depth look at all NGS has to offer.
