Independent Student Project Proposal

At Next Generation School we encourage students to pursue individual passions, entrepreneurial efforts and non-profit causes. While we cannot adopt each student's cause or endeavor as a school-wide club or project, we would still like to support our students to help them achieve their goals and pursue their individual interests.

If a student would like to raise awareness and/or funds for a cause, event or non-profit group, or market and sell products or services, a table/space will be made available outside our home basketball and volleyball games and/or after school to present their cause. In addition, we would like to have the newspaper club highlight the cause/endeavor in an upcoming issue and interview the students involved. Please fill out the form below to request space at a home game and/or after school date as well as schedule an interview with a newspaper staff member.
